

SOUTH STAFFORDSHIRE WATER

STATEMENT OF ASSURANCE

As South Staffordshire Water's Resilience and Security Manager, I can confirm that I have been asked to review the South Staffs Water Draft Drought Plan (March 2021) and the Cambridge Water Draft Drought Plan (March 2021).

I can confirm that neither document contains information that could pose a risk to national security interests. Any plans showing the location of abstractions will be redacted from the publicly published version.

Sarah Angus

Resilience and Security Manager

31/03/2021

I can confirm that there is no commercially confidential information contained within both the South Staffs Water Draft Drought Plan and the Cambridge Water Draft Drought Plan

Caroline Cooper

Strategy & Regulation Director
